Rated Among 101-150 Rank Band in University Category

Sharda Group is a multi-million-dollar conglomerate with operations in India & Uzbekistan and plans to expand further to the other CIS countries and Africa. The Group is on a vertical tangent of growth spearheaded by PK Gupta who lives by the treatise – It takes a vision to change the game.

The Group is touching the lives of 15 million people through various ventures:

- Sharda University, Anand & Hindustan College and Sharda World School (Education)
- Sharda Hospital (Healthcare)
- Sharda Tech (Information Technology)
- Sharda Launchpad Federation (Start Up Incubation)
- Rishav Shelters (Construction)
- Sharda Welfare Foundation (Social Welfare)
- Wireout (Software Publishing, Consultancy & Supply)

Sharda University has over the years become one of the leading centres of education, research and innovation in India. The University prides in being the melting pot of various cultures from across the globe with students from 95+ countries who have experienced its world-class education system and campus life.

MESSAGE FROM PRESIDENT

Sharda University

Uzbekistan

Sharda University Uzbekistan aims to be India's first campus in Eurasia, not only serving students from Uzbekistan but students coming from the neighbouring Eurasian countries; Kazakhstan, Kyrgyzstan, Turkmenistan and Tajikistan. Sharda University Uzbekistan also foresees itself to establish multiple Centres of Excellence to promote research and innovation for the benefit of the entire region. Sharda University Uzbekistan is here for the long run to build a world-class education culture and develop future leaders who will change Uzbekistan's skyline.

Prashant Gupta
President

MESSAGE FROM RECTOR

Sharda University Uzbekistan is providing world-class education to the students of Uzbekistan and other countries. We have adopted European Credit Transfer and Accumulation System (ECTS). Well qualified and experienced faculty members, state-of-the-art infrastructure, excellent repository of information and knowledge base made SUUZ one of the leading universities not only in the Fergana Valley but also in Uzbekistan and Central Asia. Collaboration with other international universities in different countries, provision of semester exchange abroad, internship program with the industry and work and travel program in Europe and USA made SUUZ as No. 1 choice amongst students.

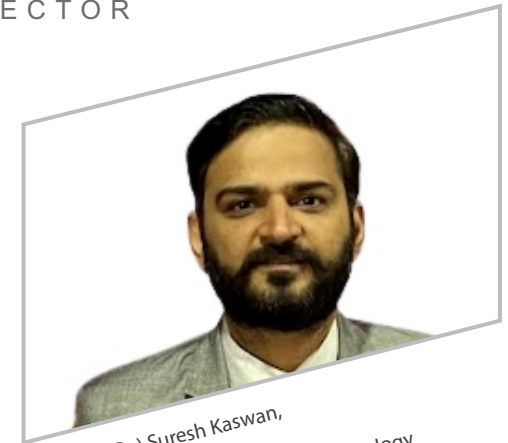

Prof. (Dr.) Sanjay Pal
Rector

MESSAGE FROM VICE RECTOR

Sharda University Uzbekistan encourages multicultural education and taking a culturally responsive approach to teaching and learning. In 21st century, the success in development can only be achieved by those countries that have chosen to prioritize investment in human capital. The key factors influencing the quality of higher education is the quality of faculty, curriculum standards, technological infrastructure available, research environment, accreditation regime, administrative policies, financing, evaluation and good governance. At Sharda University Uzbekistan, we are focused on Creating Program Differentiation; Increasing Student Engagement; Designing Competency Based Curriculum and Improving Data Accuracy.

Sharda University

Uzbekistan

One of the privileged universities in Uzbekistan to get License from the State Inspectorate for Supervision of Quality in Education, Government of the Republic of Uzbekistan

Sharda University Uzbekistan was established in the year 2019 under a special President decree in line with Sharda Group's commitment to offer globally benchmarked education to every student. It is the first offshore campus of Sharda University, India's truly global university with students from 95+ countries which has over the years become one of the leading centres of education, research and innovation in India. As Uzbekistan is an emerging country in the Central Asia region, Sharda University Uzbekistan opened its campus in Uzbekistan, to not only serve students from Uzbekistan but students coming from the neighbouring countries in Central Asia & CIS.

Future Prospects

1. Higher Study Abroad

2. Job Placement

3. Entrepreneurship

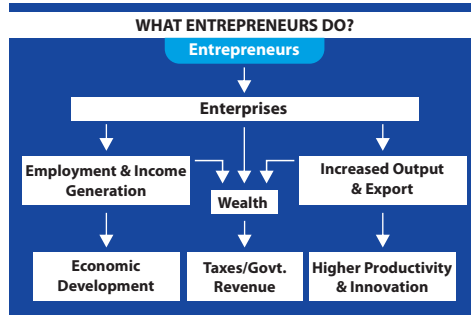

1. Higher Study Abroad-Sharda India or other Partner Universities Overseas

2. Job Placement- Placement support

A dedicated Placement Cell managed by competent professionals is liaising with companies, disseminating information and organising interviews for placement.

3. Entrepreneurship:

Entrepreneurs create enterprises and thus identify business opportunities, convert raw material into final product, create wealth and employment, promote value addition and contribute in export and economic development. Therefore, passing out students can think of launching a start-up and thus choose the carrier of entrepreneurship.

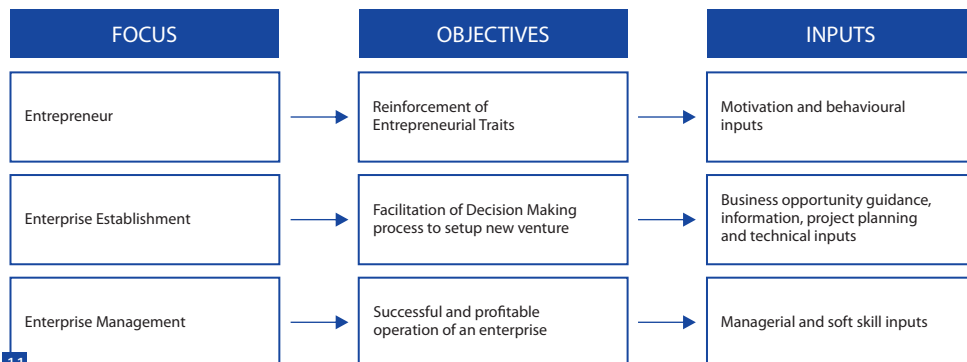

ROAD TOWARDS ENTREPRENEURSHIP

Sharda University Uzbekistan through a dedicated Entrepreneurship Development Cell (EDC) is providing, coaching, guiding, counselling and mentoring to students enabling them to start new enterprises. The EDC is working towards enhancing skill, attitude and knowledge so as to encourage students for launching their enterprises.

Tripod of Entrepreneurial Competencies
Aptitude | Knowledge | Skill

Students will be provided with adequate guidance and mentoring support enabling them to launch their own enterprises.

STEPS TOWARDS ENTREPRENEURSHIP

- Scanning Business Opportunities
- Selecting Business Idea
- Market Research
- Identifying Appropriate Technology
- Analyzing Financial Feasibility
- Business Plan Preparation
- Prototype Development
- Test Marketing
- Accessing Finance
- Enterprise Establishment
- Product Launching

SUUz in collaboration with Sharda India Launchpad and other Incubation Centres run by foreign universities in different countries, is providing incubation support to the students.

EDC, in collaboration with industry associations, Chamber of Commerce & Industry, is conducting programme/activities for New Enterprise Creation (NEC) as well as Family Business Management (FBM) where students participate and learn the techniques.

Activity Spectrum of EDC

EDC is providing 360 hand holding support enabling students to start, sustain and grow their businesses.

1. Enterprise Creation

2. Enterprise Sustainance

3. Enterprise Growth

Tripod of Entrepreneurship

1. Entrepreneur

2. Enterprise

3. Support System

Eco-system:

Students get an opportunity to participate in different Eco-system development activities as mentioned below;

- Idea Pitching Session
- Hackathon
- Business Plan Competition
- R&D Support
- Start-up Support
- Investor Pitching
- Entrepreneur-Banker /VC/AI Interface
- Mentor Network
- Networking (PPP)
- Business Accelerator

EDC Hardware:

- 24x7 hrs, 365 days support to potential entrepreneurs
- Sharda Launchpad
- Collaboration Abroad: Global Network
- Directory of Business Opportunities
- Market Research Reports
- Repository of Business Plans
- Technology Data Bank
- Access to Finance Guidebook
- Business Internationalisation Platform

Landscape of Incubation and Mentoring Support:

- Coaching on Entrepreneurship as Career.
- Guidance in selecting Product
- Coaching in Business Plan Preparation
- Mentoring in Accessing Technology / Market
- Networking for Accessing Finance
- Support in Prototype Development
- Handholding for Enterprise Launching
- Business Acceleration Support

the uniqueness

ABOUT FACULTIES

Sharda University Uzbekistan has a mix of local and international faculties. The faculty members are well qualified (Ph.D.) and have experience of working in different countries. They have academic as well as industrial experience. They have international publications and patents in their credit.

PLACEMENT CELL

The mission of the Placement Cell at SUUz is to find job opportunities for the students. In addition to working on skill development and capacity building of the students, the Cell does necessary liaisoning with the private and public sector organizations for job placement. The Placement Cell has a database of more than 100 companies and organizes job fair by inviting them.

ENTREPRENEURSHIP DEVELOPMENT CENTER

Entrepreneurship Development Centre is providing 360° mentoring and handholding support to the students for launching their enterprises/ start-ups. The Center helps them in doing business opportunity identification, conducting market surveys, preparing business plans and launching enterprises.

SOFTWARE DEVELOPMENT CELL

The Software Development Cell at SUUz gives an opportunity to the students so that they can work on various innovative software development projects. This gives them an opportunity to apply their classroom learning in terms of doing practical projects. This also enables them in fulfilling the outcome based learning objective.

INDUSTRY-CONNECT

SUUz has a unique Industry-Connect activity. Students undertake industrial visit and do internship. Resource persons from the industry are invited to share their experience as guest lecturers. Due to this Industry-Connect activity, students get theoretical learning in the classroom and practical learning from the industry while doing industrial Internship.

WORK & TRAVEL PROGRAM

SUUz is implementing a Work & Travel Program for the last couple of years. Under the aegis of this program, students go to Germany and other European countries to do work and apply their classroom learning into practice. Recently USA has also been included under the Work and Travel Program.

SEMESTER EXCHANGE PROGRAM

Under the Semester Exchange Program, SUUz students go to foreign countries and study one semester in an international university outside Uzbekistan. This gives them an opportunity to study in an international environment in a foreign country with students from many countries in the world. Apart from study, they visit different companies and learn how they are functioning.

CENTER OF EXCELLENCE IN ENTERPRISE, INVESTMENT AND TRADE PROMOTION

The objective of the Center of Excellence in Enterprise, Investment and Trade Promotion is to facilitate students and faculties to work on various development projects like SME development, cluster development, trade and investment promotion, market research, value chain development etc. This Center manages outreach activities of the university and students get an opportunity to work on value added projects with guidance of the faculty members.

INTERNATIONAL COLLABORATION CELL

Sharda University Uzbekistan has collaborated with international universities operating in Europe, North America, Latin America, Asia and CIS countries. The objective of these collaboration is to give an opportunity to the students for semester exchange program, collaboration in project, research and publication etc.

Programmes Offered

FACULTY OF ENGINEERING & TECHNOLOGY

BACHELOR OF TECHNOLOGY (B.TECH.)

- Computer Science & Engineering (CSE)
- CSE with specialization in Cyber Security
- CSE with specialization in Artificial Intelligence and Machine Learning

Bachelor of Technology is a four years programme which focuses on a blend of practices and theories based on modern industries and futuristic technologies. This programme prepares students for general careers in the broad field of Technology. While students may specialize in a particular technology, the key purpose of the degree is to equip students with the confidence to work in diverse domains of technology to fulfil the demands of rapidly evolving industries. In the beginning year, students are exposed to Computer Science & Engineering before choosing a specialization for second year and beyond.

The Undergraduate programmes at Sharda University are designed for those graduate students who wish to extend their education in a specific area of interest. This programme can be earned through independent study, guided projects or industry internships.

ADMISSION REQUIREMENTS

- Candidate should have completed Grade XI (11/12 years of compulsory education)
- Candidate should qualify Sharda University Scholarship & Admission Test (SUSAT)
- Personal Interview (For Uzbekistan Students)/Online Interview (For International Students) or (IELTS 5.0 or higher/equivalent test)

OUTCOME

After completing B.Tech. the learners will be able to;

- develop insights related to the fundamentals of CSE, AI & ML, Cyber Security.
- add value to an organization/ company working in the domain of CSE.
- gain sufficient knowledge and expertise to take up quality job or become entrepreneur.

MASTER OF TECHNOLOGY IN COMPUTER SCIENCE AND ENGINEERING (M.TECH. – CSE)

Application of computer science in education, training, research and industry is increasing day by day. Be it Central Asia, Commonwealth of Independent States or for that matter any part of the world, Computer Science and Engineering (CSE) is gaining increasing importance in all walks of life. The utility of CSE is widening in scale and scope whether it is industry, private sector, government, semi-government, education, research or development sector.

Master of Technology in Computer Science and Engineering program is offered to the learners who are interested to pursue advanced learning in Computer Science and Engineering. It aims at equipping the learners with advanced conceptual knowledge, technical skills and ability to pursue research in the field of Computer Science and Engineering, appropriate to the present Information and Communications Technology (ICT) scenario. This two-year full-time M.Tech. program comprises of core courses, elective courses, mini-projects, seminars and dissertation. Learners also get a chance to do their internship in the industry.

ADMISSION REQUIREMENTS

- Bachelor's Degree in relevant field of Engineering and Technology (CSE/IT/Software Engineering/Electricals/Electronics) or any other related Disciplines, as well as other equivalent qualifications that are accepted by the Sharda University Uzbekistan.
- Candidate should qualify Sharda University Scholarship and Admission Test (SUSAT).
- Personal Interview (for Uzbekistan Students)/Online interview (for international Students) or (IELTS 5.0 or higher/equivalent test).

OUTCOME

After completing M.Tech. in CSE, the learners will be able to;

- gain sufficient knowledge and expertise to take up a quality job.
- contribute in advancement of a company and the country in the domain of CSE.
- launch an enterprise and promote value addition.

Amongst various options, some of the job opportunities the learner can explore after the Master's degree are as under;

Data Architect, Application/Infrastructure Architect, Data Scientist/Analyst, Data Engineer, Business Analyst, Business Intelligence Manager, Machine Learning Engineer, Higher Education and Research, Network Security Specialist, Wireless Network Engineer, Network Architect, System Administrator, Security Administrator, Security Architect, Network Engineer, Higher Education and Research.

PH.D. IN COMPUTER SCIENCE AND ENGINEERING (CSE)

The field of computer science and engineering is evolving rapidly. The domain of artificial intelligence and machine learning, cyber security, programming, soft computing, image recognition etc. are witnessing lot of advancement due to continuous pursuit for research and knowledge generation. Ph.D. in Computer Science and Engineering is a research degree which culminates into a unique dissertation that demonstrates original and creative research in the field. The program consists of three components: coursework, research, and thesis preparation. The program is primarily designed for students aspiring for a career in research, education and job in the private or government sector.

Eventually, Ph.D. scholars will be able to advance the frontier of research, knowledge generation and dissemination. They will be able to contribute significantly in developing 'best practices' which will have wider ramifications in diversified field. They need to understand the policy implications of their study and be able to articulate those implications clearly to policymakers, practitioners, and other academics. They will be able to assess the work of their peers and provide helpful feedback, as well as do original research that pushes the boundaries of their field.

ADMISSION REQUIREMENTS

- Master's Degree in CSE/IT/ECE/EE or any other related disciplines, as well as other equivalent qualifications that are accepted by the Sharda University Uzbekistan.
- Candidate should qualify Sharda University Scholarship and Admission Test (SUSAT).
- Personal Interview (for Uzbekistan Students)/Online interview (for international Students) or (IELTS 5.0 or higher/equivalent test).

In addition, the candidate needs to submit the following;

Letter of Recommendation: Applicant should provide two letters of recommendation, one of which must be from an academic referee.

Personal Statement of Interest: Applicants should submit a personal statement (300-500 words) which explains why the candidate is applying and how his/her studies will contribute to the achievement of their personal objectives, including information about the applicant's research interests and achievements.

Resume/Curriculum Vitae: Applicant should submit a copy of their current resume or curriculum vitae which should include the following information.

- Academic Qualifications
- Professional Experience
- Publications
- Research Projects
- Academic Awards or Honours

OUTCOME

After completing Ph.D. in CSE the scholars will;

- gain expertise in a particular domain of knowledge.
- develop critical thinking and research capabilities for undertaking meaningful research.
- exhibit an awareness of and commitment to the importance of adhering to strict ethical guidelines in computer science related studies, teaching, and service.
- improve qualification enabling them to instruct Bachelor's and Master's classes in their field at the university level.

FACULTY OF MANAGEMENT

BACHELOR OF BUSINESS ADMINISTRATION (BBA)

- BBA-Human Resource Management
- BBA-Entrepreneurship
- BBA-Marketing
- BBA-International Business
- BBA-Finance

Today's world requires a new kind of business leader who can deliver innovative solutions that enable companies to grow and prosper. Sharda University Uzbekistan's Faculty of Management has been established to nurture managers with new age skills to become industry ready. The Faculty is led by distinguished faculty members who are engaged in rigorous academic research on a wide range of industry related subjects. They bring to their teaching not only high-level specialist knowledge in varied subjects but also a wide understanding of diverse cultures and industry environment.

The Undergraduate programmes at Sharda University are designed for those graduate students who wish to extend their education in a specific area of interest. This programme can be earned through independent study, guided projects & industry internships.

ADMISSION REQUIREMENTS

- Candidate should have completed Grade XI/XII (11/12 years of compulsory education)
- Candidate should qualify Sharda University Scholarship & Admission Test (SUSAT)
- Personal Interview (For Uzbekistan Students)/Online Interview (For International Students) or (IELTS 5.0 or higher/equivalent test)

OUTCOME

After completing BBA students will be able to;

- develop insights related to the fundamentals of business management.
- gain expertise and be able to analyze managerial issues of an organization/ company.
- apply their knowledge to solve managerial problems in an organization/ company.
- apply the knowledge gained on the subjects for future career, job or entrepreneurship.

BACHELOR OF SCIENCE IN ECONOMICS & FINANCE (B.Sc.- ECONOMICS & FINANCE)

Discerning leaders are needed now more than ever; leaders who can see the connection between economic expansion and financial stability. The financial health of an individual, a company, a community, or a country can have an effect on the choices that are made. Those attempting to make prudent financial decisions would do well to get an appreciation of the state of the economy.

The Bachelor of Science in Economics and Finance program at Sharda University Uzbekistan focuses on the interplay between the two disciplines. Finance focuses on the finer points of industry risk and return on investment, while economics examines the big picture of how a country, region, or specific market is performing. Both the subjects are significant, offer a comprehensive education and open up intriguing new prospects.

The Bachelor of Science in Economics and Finance program is designed to give students an education in economics and finance at par with the best in the world. Courses in economics and finance are included in the curriculum to provide students a firm grounding in the fundamentals and a head start on applying them to their professional lives. The curriculum can be completed by self-study, mentored projects, and an internship in the field. Throughout their time at the university, students will have the opportunity of having an academic mentor who will work with them as a team to help them grow as competent professionals.

ADMISSION REQUIREMENTS

- Candidate should have completed Grade XI/XII (11/12 years of compulsory education).
- Candidate should qualify Sharda University Scholarship and Admission Test (SUSAT).
- Personal Interview (for Uzbekistan Students)/Online interview (for international Students) or (IELTS 5.0 or higher/equivalent test).

OUTCOME

After completing B.Sc. in Economics & Finance the students will;

- develop insights related to the fundamentals of economics and finance.
- gain expertise and be able to analyze issues arising in economics and finance.
- be able to apply their knowledge to solve theoretical and applied problems in economics and finance.
- apply the knowledge gained on the subjects for policy implications.

MASTER OF BUSINESS ADMINISTRATION (M.B.A.)

Significance of management education is getting increasingly important across the Globe and Uzbekistan is not an exception. In today's context, any organization, private or public, small and medium enterprises or large multinationals requires competent managers who can steer growth of that organization. As a manager one should have a complete understanding about the various functional and managerial aspects of an organization so that he/she can analyse the current industry scenario and decide course of action for future growth, expansion and diversification.

Moreover, the prospect of entering a professional career with an exposure to both academia and industry is the need of the day; particularly for individuals who desire to start their own business or who intend to work in a leadership positions in an organization. The MBA Program curriculum will develop their leadership potential and give them necessary managerial competencies, strategic capabilities, and essential skills. The flagship two-year full-time MBA program at Sharda University Uzbekistan is divided into four semesters and offers dual specialization wherein students should choose any two specializations from the following options.

- International Business
 - Marketing
 - Finance
- Human Resource Management
 - Data Analytics
 - Entrepreneurship

ADMISSION REQUIREMENTS

- Bachelor's Degree in Management, Business Administration or any other related disciplines, as well as other equivalent qualifications that are accepted by the Sharda University Uzbekistan.
- Candidate should qualify Sharda University Scholarship and Admission Test (SUSAT).
- Personal Interview (for Uzbekistan Students)/Online interview (for international Students) or (IELTS 5.0 or higher/equivalent test).

OUTCOME

On successful completion of the programme the learners will be able to;

- develop a thorough understanding of the functional and managerial aspects of an organization.
- comprehend management tools to identify, analyze and create enterprise opportunities as well as solve industry problems.
- apply the business acumen gained in practice.
- communicate and negotiate effectively to achieve organizational and individual goals.
- upgrade professional and managerial skills in their place of work.
- take up a managerial job in multinational organizations, private sector, government, international organizations, banks, development organizations etc.
- start enterprises of their own.

PH.D. IN BUSINESS MANAGEMENT

The field of management is evolving and it requires competent professionals who can contribute in research and knowledge generation. The research scholars in the Ph.D. in Management program will be supported in developing and interpreting new knowledge, which will be showcased in their dissertation. The program intends to equip research scholars with a comprehensive understanding of the methods currently in use in social science research. They will be imparted skills to conduct both qualitative and quantitative analyses of data and develop an understanding of the theoretical foundations of various methods used in the social sciences.

Eventually, Ph.D. scholars will be able to characterize business and management challenges and apply cutting-edge research methods to their resolution. They need to understand the policy implications of their study and be able to articulate those implications clearly to policymakers, practitioners, and other academics. They will be able to assess the work of their peers and provide helpful feedback, as well as do original research that pushes the boundaries of their field.

ADMISSION REQUIREMENTS

- Master's Degree in Management, Business Administration or any other related disciplines, as well as other equivalent qualifications that are accepted by the Sharda University Uzbekistan;
- Candidate should qualify Sharda University Scholarship and Admission Test (SUSAT);
- Personal Interview (for Uzbekistan Students)/Online interview (for international Students) or (IELTS 5.0 or higher/equivalent test)

In addition, the candidate will submit the following;

Letter of Recommendation: Applicant should provide two letters of recommendation, one of which must be from an academic referee.

Personal Statement of Interest: Applicants should submit a personal statement (300-500 words) which explains why the candidate is applying and how his/her studies will contribute to the achievement of their personal objectives, including information about the applicant's research interests and achievements.

Resume/Curriculum Vitae: Applicant should submit a copy of their current resume or curriculum vitae which should include the following information;

- Academic Qualifications
 - Professional Experience
 - Publications
- Research Projects
 - Academic Awards or Honours

OUTCOME

After completing Ph.D. in Management the scholars will;

- acquire expert-level knowledge in their field of study;
- develop critical thinking and research abilities necessary to assess studies in their field;
- create their own one-of-a-kind studies in chosen field of study;
- exhibit an awareness of and commitment to the importance of adhering to strict ethical guidelines in business-related studies, teaching, and service;
- be able to instruct Bachelor's and Master's classes in their field at the university level.

FACULTY OF HUMANITIES

BACHELOR OF ARTS (APPLIED ENGLISH)

This program aims to produce graduates who are highly skilled, versatile, and specialized in English. The courses offered under this programme cover all the aspects of English language that help students to improve their language skills, phonetics, grammar and applied linguistics. Additionally, the course prepares the students with all the necessary language skills for the job market. Through this course, the students gain knowledge on how to interact effectively, analyze critically, and be creative. The program is designed to enhance students' English Language competencies, which can be applied to a wide range of careers such as teaching, academia, public relations, advertising in corporations and public sector organizations, strategic communication in corporate houses, event management, language expert, translation expert, content developer, print and electronic journalism, scientific and medical journals, commercial magazine publishing houses, content writing, blogging and as IELTS trainers etc.

The program aspires to equip the graduates with;

- proficiency in the four language skills (listening, speaking, reading, and writing);
- proficiency in teaching English as a second language;
- an expert in critical translation strategies;
- provide them with the opportunity to pursue higher education in developed nations;

ADMISSION REQUIREMENTS

- Candidate should have completed Grade XI/XII (11/12 years of compulsory education)
- Personal Interview (for Uzbekistan Students)/Online interview (for international Students) or (IELTS 5.0 or higher/equivalent test)

OUTCOME

After completing BA-AE the learners will be able to;

- gain sufficient knowledge on English language.
- take up job in diverse domains like teaching, training, interpretation, language translation, content writing, communication, media etc.
- start an enterprise like launch English language centre, education centre, coaching centre etc.

STUDENT TESTIMONIALS

I started studying Business Administration at Sharda University Uzbekistan in 2020 and got 100% scholarship. Ever since, I gained crucial knowledge and experience which could help me to become one of the best influential business persons in the future.

OLIMJONOV SHOKHJAKHON OYBEK O'G'LI (BBA 2020-2024)

I am delighted to provide a testimonial for Sharda University Uzbekistan, where I have been fortunate enough to receive a 100% scholarship for my studies. I cannot express enough how grateful I am for this opportunity and how much I appreciate the incredible support and guidance I have received from the university.

MUBINABONU GANIJONOVA (BA- APPLIED ENGLISH: 2021-2025)

I am beyond grateful to have been awarded a 100% scholarship at Sharda University Uzbekistan. This prestigious university has provided me with not only a top-tier education, but also countless opportunities for personal growth and development.

ERKINJONOVA MEKHRIBONU GALIBOVNA (BTECH 2020-2024)

I am excited to share my experience as a student of Sharda University Uzbekistan, and I am incredibly grateful to have been awarded a 100% scholarship to pursue my studies here. From the moment I stepped onto the campus, I knew that I had made the right choice.

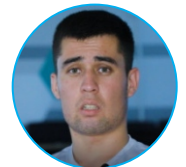

DURDONA ERKINOVA (BBA 2020-2024)

Since the year 2020, I have been receiving a full scholarship to cover all of my educational expenses at Sharda University in Uzbekistan. On campus, we do in fact have an authentic English language learning environment, and while we are certainly kept busy with our studies, we also participate in a variety of extracurricular activities.

KOMILJONOVA MOHIMBONU ILHOMJON QIZI (BA- Applied English, 2020-2024)

I found the university a very nice place to study. Moreover, studying here is fun and beneficial as they provide internships on campus. I got the opportunity to work as a system administrator and now we are creating a website for Dash Bank as our new project.

MANNOBJONOV DILBEK ILXOMJON O'G'LI (B.Tech. 2020-2024)

Here at Sharda University, Uzbekistan, we study futuristic majors like Artificial Intelligence & Machine Learning in a relation to our course. I am a 100% scholarship holder for the past two years. I got the opportunity to work remotely with a Japanese company as Research Engineer for a Point Cloud Data Segmentation.

PULADJONOV OTABEK SHERZOD O'G'LI (B.Tech. 2019-2023)

ADMISSION PROCESS

Prospective students who are seeking to take admissions in Sharda University Uzbekistan for the courses in the Faculty of Engineering and Technology, Faculty of Management, & Faculty of Humanities should have completed minimum 11 years of education and must have a good English proficiency. All programmes are taught in English language by eminent faculties. Sharda University Uzbekistan offers programmes for bright students who are seeking to pursue their higher education in international universities.

1. Sharda University Scholarship and Admission Test (SUSAT)

The duration of the test will be 90 minutes. Candidates will be evaluated on the scale of 75 and the Cutoff marks to pass SUSAT is 20. There are objective type questions.

Syllabus:

- SUSAT for 'Bachelor of Technology (B.Tech)' has questions on Mathematics, Physics, Logic & Reasoning and English.
- SUSAT for 'Bachelor of Business Administration (BBA)' has questions on English, General Knowledge, General Aptitude and Mathematics.
- SUSAT for 'Bachelor of Arts (BA) - Applied English' has questions on Reading, Writing, Listening and Speaking in English language.

2. English Proficiency

The English proficiency of the candidates will be evaluated either through (i) internationally accepted proficiency tests like IELTS, ESOL, TOEFL, PEARSON, CEFR etc. or (ii) Personal Interview. The scores for internationally accepted proficiency tests will be considered as under:-

IELTS	ESOL	TOEFL	PEARSON	CEFR
5.0 - 5.5	5.0 - B1	35 - 59	36 - 42	B1
	5.5 - B2			
6.0 - 6.5	6.0 - B2	60 - 93	50 - 58	B2
	6.5 - C1			
7.0 - 7.5	C1	94 - 109	65 - 73	C1
ABOVE 7.5	C2	110 - 120	79 - 86	C2

The Cutoff scores for the above mentioned proficiency tests are given below:-

Proficiency Test	IELTS	ESOL	TOEFL	PEARSON	CEFR
Cutoff score	5	B1	35	36	B1

Candidates not having any English proficiency test result have to undergo Personal Interview. In the Personal Interview, candidates will be evaluated on a scale of 25.

ADMISSION FLOW CHART

ADMISSION SCORE

On a scale of 100, Admission Score will be arrived by adding 70% of SUSAT score and 30% of English proficiency score. Candidates need to score minimum 20 marks in SUSAT and minimum 5.0 bands in IELTS/15 marks in Personal Interview in order to qualify for admission.

Admission Score = S+E, where

$$S = (\text{SUSAT score} / 75) * 70$$

If a candidate has international English proficiency test result, his/her score will be mapped with IELTS score as indicated below:-

$$E = (\text{Score} / 9) * 30$$

OR

If a candidate has appeared for Personal Interview, the English proficiency score will be calculated as below:-

$$E = (\text{PI score} / 25) * 30$$
