PRESIDENT'S MESSAGE

Prashant Gupta
President, Sharda University Uzbekistan

New thinking will be required to adapt to the new normal life post COVID-19. The COVID-19 pandemic has changed, and will continue to change, the world and the way we used to. So going back to the way we were before COVID-19 is not an option. The challenge, and I think the opportunity, is now to start the process of thinking about a 'new normal' we can learn from it, evolve and adapt. The new normal may even be a better normal.

So let us take a vouch and believe that we have the power and conviction to reinvent, reform and reimagine our own new normal, together.

STUDENT TESTIMONIALS
