Over the years, Sharda University has become one of India's leading centres of education, research and innovation. The University prides itself on being the melting pot of various cultures from across the globe, with students from 95+ countries who have experienced its world-class education system and campus life.

MESSAGE FROM PRESIDENT

Sharda University Uzbekistan

Sharda University Uzbekistan aims to be India's first campus in Eurasia, serving students from Uzbekistan and neighbouring Eurasian countries: Kazakhstan, Kyrgyzstan, Turkmenistan and Tajikistan. Sharda University, Uzbekistan, also foresees itself establishing multiple Centres of Excellence to promote research and innovation for the entire region's benefit. Sharda University Uzbekistan is here for the long run to build a world-class education culture and develop future leaders who will change Uzbekistan's skyline.

MESSAGE FROM RECTOR

Sharda University, Uzbekistan, provides world-class education to students in Uzbekistan and other countries. We have adopted European Credit Transfer and Accumulation System (ECTS). Well-qualified and experienced faculty members, state-of-the-art infrastructure, and an excellent repository of information and knowledge base made SUU one of the leading universities in the Fergana Valley, Uzbekistan, and Central Asia. Collaboration with other international universities in different countries, provision of semester exchange abroad, internship program with the industry and work and travel program in Europe and the USA made SUU the No. 1 choice amongst students.

MESSAGE FROM VICE RECTOR

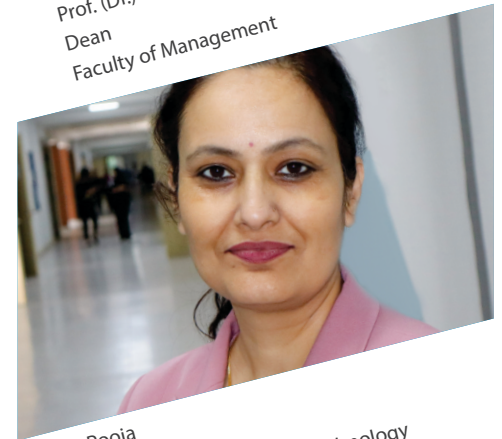

Sharda University Uzbekistan encourages multicultural education and taking a culturally responsive approach to teaching and learning. In 21st century, the success in development can only be achieved by those countries that have chosen to prioritize investment in human capital.

The key factors influencing the quality of higher education is the quality of faculty, curriculum standards, technological infrastructure available, research environment, accreditation regime, administrative policies, financing, evaluation and good governance.

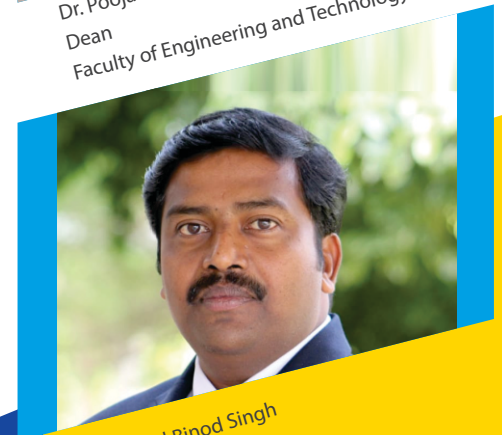

At Sharda University Uzbekistan, we are focused on Creating Program Differentiation; Increasing Student Engagement; Designing Competency Based Curriculum and Improving Data Accuracy.

Sharda University

Uzbekistan

Sharda University Uzbekistan encourages multicultural education and taking a culturally responsive approach to teaching and learning. In the 21st century, success in development can only be achieved by those countries that have chosen to prioritise investment in human capital. The key factors influencing the quality of higher education are the quality of faculty, curriculum standards, technological infrastructure available, research environment, accreditation regime, administrative policies, financing, evaluation and good governance. Sharda University Uzbekistan promotes a multicultural education system and adopts a culturally responsive approach to teaching and learning. In the 21st century, successful development is achievable only for those countries that prioritize investment in human capital. Several key factors influence the quality of higher education, including the quality of faculty, curriculum standards, available technological infrastructure, research environment, accreditation processes, administrative policies, financing, evaluation methods, and good governance. At Sharda University Uzbekistan, we are committed to creating program differentiation, increasing student engagement, designing a competency-based curriculum, and improving data accuracy. At Sharda University Uzbekistan, we are focused on Creating Program Differentiation; Increasing Student Engagement; Designing competency-based curriculum; and Improving Data Accuracy. One of the privileged universities in Uzbekistan to get a License from the State Inspectorate for Supervision of Quality in Education, Government of the Republic of Uzbekistan, Sharda University, Uzbekistan, was established in 2019 under a special Presidential decree in line with Sharda Group's commitment to offering globally benchmarked education to every student. It is the first offshore campus of Sharda University, India's global university with students from 95+ countries. Over the years, it has become one of India's leading education, research and innovation centres. As Uzbekistan is an emerging country in the Central Asia region, Sharda University Uzbekistan opened its campus in Uzbekistan to serve not only students from Uzbekistan but also students coming from the neighbouring countries in Central Asia and CIS.

Future Prospects

1. Higher Study Abroad

2. Job Placement

3. Entrepreneurship

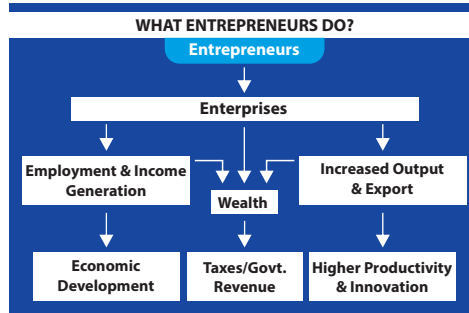

1. Higher Study Abroad-Sharda India or other Partner Universities Overseas

2. Job Placement-Placement support

A dedicated placement cell managed by competent professionals liaises with companies, disseminates information, and organises interviews for placement.

3. Entrepreneurship:

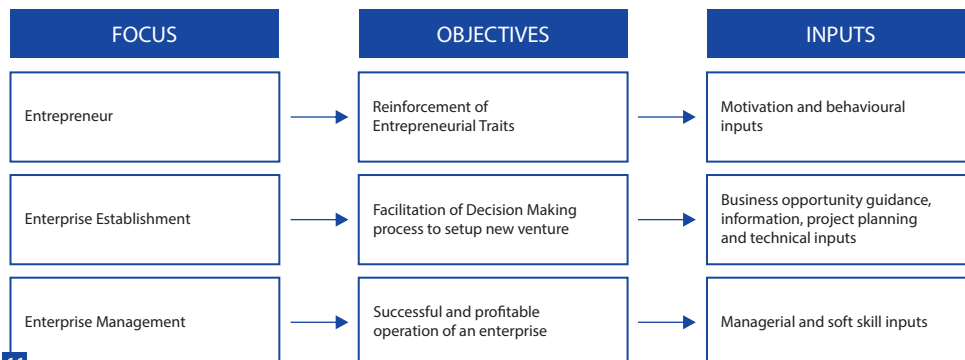

Entrepreneurs create enterprises and thus identify business opportunities, convert raw material into final product, create wealth and employment, promote value addition and contribute to export and economic development. Therefore, students can think of launching a start-up and thus choose the path of entrepreneurship.

ROADTOWARDS ENTREPRENEURSHIP

Sharda University Uzbekistan, through a dedicated Entrepreneurship Development Cell (EDC), provides coaching, guiding, counselling and mentoring to students, enabling them to start new enterprises. The EDC is working towards enhancing skill, attitude and knowledge to encourage students to launch their enterprises.

Tripod of Entrepreneurial Competencies
Aptitude | Knowledge | Skill

Students are provided with adequate guidance and mentoring support, enabling them to launch their enterprises.

STEPS TOWARDS ENTREPRENEURSHIP

- Scanning Business Opportunities
- Selecting Business Idea
- Market Research
- Identifying Appropriate Technology
- Analyzing Financial Feasibility
- Business Plan Preparation
- Prototype Development
- Test Marketing
- Accessing Finance
- Enterprise Establishment
- Product Launching

SUUZ, in collaboration with Sharda India Launchpad and other incubator centres run by foreign universities in different countries, provides incubation support to students.

In collaboration with industry associations, Chamber of Commerce & Industry, EDC conducts programmes/activities for New Enterprise Creation (NEC) and Family Business Management (FBM) where students participate and learn the techniques.

Activity Spectrum of EDC

EDC is providing 360 degree hand holding support enabling students to start, sustain and grow their businesses.

1. Enterprise Creation

2. Enterprise Sustenance

3. Enterprise Growth

Tripod of Entrepreneurship

1. Entrepreneur

2. Enterprise

3. Support System

Eco-system:

Students get an opportunity to participate in different Eco-system development activities as mentioned below;

- Idea Pitching Session
- Hackathon
- Business Plan Competition
- R&D Support
- Start-up Support
- Investor Pitching
- Entrepreneur-Banker /VC/AI Interface
- Mentor Network
- Networking (PPP)
- Business Accelerator

EDC Hardware:

- 24x7 hrs, 365 days support to potential entrepreneurs
- Sharda Launchpad
- Collaboration Abroad: Global Network
- Directory of Business Opportunities
- Market Research Reports
- Repository of Business Plans
- Technology Data Bank
- Access to Finance Guidebook
- Business Internationalisation Platform

Landscape of Incubation and Mentoring Support:

- Coaching on Entrepreneurship as Career.
- Guidance in selecting Product
- Coaching in Business Plan Preparation
- Mentoring in Accessing Technology / Market
- Networking for Accessing Finance
- Support in Prototype Development
- Handholding for Enterprise Launching
- Business Acceleration Support

the uniqueness

ABOUT FACULTIES

Sharda University, Uzbekistan, boasts a distinguished blend of local and international faculty members who bring a wealth of academic and professional expertise. Most hold Ph.D. degrees and have worked across diverse educational and industrial landscapes worldwide. Their rich experience spans academia and industry, with notable contributions including international research publications, patents, and involvement in global academic collaborations. This dynamic faculty ensures students receive a globally relevant and intellectually rigorous education.

PLACEMENT CELL

The mission of the Placement Cell at SUUZ is to find job opportunities for the students. In addition to working on student skill development and capacity building, the Cell does necessary liaison work with private and public sector organisations for job placement. The Placement Cell has a database of more than 100 companies and organises job fairs by inviting them.

ENTREPRENEURSHIP DEVELOPMENT CENTER

Entrepreneurship Development Centre provides 360-degree mentoring and handholding support to the students to launch their enterprises/ start-ups. The Centre helps them identify business opportunities, conduct market surveys, prepare business plans and launch enterprises.

SOFTWARE DEVELOPMENT CELL

The Software Development Cell at SUUZ allows students to work on various innovative software development projects. This allows them to apply their classroom learning in terms of doing practical projects. This also enables them to fulfil the outcome-based learning objective.

INDUSTRY-CONNECT

SUUZ has a unique Industry-Connect activity. Students undertake an industrial visit and do an internship. Industry resource persons are invited to share their experience as guest lecturers. Due to this Industry-Connect activity, students get theoretical learning in the classroom and practical learning from the industry while doing an industrial Internship.

WORK & TRAVEL PROGRAM

SUUZ has implemented a Work & Travel Program for the last few years. Under the aegis of this program, students go to Germany and other European countries to do work and apply their classroom learning into practice. The USA has recently been included under the Work and Travel Program.

SEMESTER EXCHANGE PROGRAM

Under the Semester Exchange Program, SUUZ students go to foreign countries and study for one semester at an international university outside Uzbekistan. This allows them to study in an international environment in a foreign country with students from many countries worldwide. Apart from studying, they visit different companies and learn how they function.

CENTER OF EXCELLENCE IN ENTERPRISE, INVESTMENT AND TRADE PROMOTION

The objective of the Centre of Excellence in Enterprise, Investment and Trade Promotion is to facilitate students and faculty to work on various development projects like SME development, cluster development, trade and investment promotion, market research, value chain development, etc. This Centre manages the university's outreach activities, and students get to work on value-added projects with guidance from faculty members.

INTERNATIONAL COLLABORATION CELL

Sharda University, Uzbekistan, has collaborated with international universities in Europe, North America, Latin America, Asia and CIS countries. This collaboration aims to allow the students to participate in a semester exchange program, collaboration in projects, research and publication, etc.

MERIT BASED SCHOLARSHIP

Sharda University, Uzbekistan, provides merit-based scholarships to its students. Based on how the students perform in the university examinations and their Cumulative Grade Point Average (CGPA), they can get up to 100% scholarship from the 2nd year onwards.

Programmes Offered

FACULTY OF ENGINEERING & TECHNOLOGY

BACHELOR OF TECHNOLOGY (B.TECH.)

- Computer Science & Engineering (CSE)
- CSE with specialization in Cyber Security
- CSE with specialization in Artificial Intelligence and Machine Learning
- CSE with specialization in Information and Technology (IT)

Bachelor of Technology is a four-year programme combining practices and theories based on modern industries and futuristic technologies. This programme prepares students for general careers in the broad field of Technology. While students may specialize in a particular technology, the key purpose of the degree is to equip students with the confidence to work in diverse domains of Technology to fulfil the demands of rapidly evolving industries. In the beginning year, students are exposed to Computer Science & Engineering before choosing a specialization for the second year and beyond. The undergraduate programmes at Sharda University are designed for graduate students who wish to extend their education to a specific area of interest. This programme can be earned through independent study, guided projects or industry internships.

ADMISSION REQUIREMENTS

- Candidate should have completed Grade XI (11/12 years of compulsory education)
- Candidate should qualify Sharda University Scholarship & Admission Test (SUSAT)
- Personal Interview (For Uzbekistan Students)/Online Interview (For International Students) or (IELTS 5.0 or higher/equivalent test)

OUTCOME

After completing B.Tech., the learners will be able to;

- Develop insights related to CSE, AI & ML, cybersecurity fundamentals, and IT.
- Add value to an organisation/ company working in the domain of CSE.
- Gain sufficient knowledge and expertise to get a quality job or become an entrepreneur.

MASTER OF TECHNOLOGY IN COMPUTER SCIENCE AND ENGINEERING (M.TECH. – CSE)

Application of computer science in education, training, research and industry is increasing daily. Whether Central Asia, Commonwealth of Independent States or any part of the world, Computer Science and Engineering (CSE) is gaining increasing importance in all walks of life. The utility of CSE is widening in scale and scope, whether in the industry, private sector, government, semi-government, education, research or development sector. Master of Technology in Computer Science and Engineering program is offered to learners interested in pursuing advanced learning in Computer Science and Engineering. It aims to equip the learners with advanced conceptual knowledge, technical skills, and the ability to pursue computer science and engineering research appropriate to the present information and communications technology (ICT) scenario. This two-year full-time M.Tech. program comprises core courses, elective courses, mini-projects, seminars and dissertations. Learners also get a chance to do their internship in the industry.

ADMISSION REQUIREMENTS

- Bachelor's Degree in relevant field of Engineering and Technology (CSE/IT/Software Engineering Electricals/Electronics) or any other related Disciplines, as well as other equivalent qualifications that are accepted by the Sharda University Uzbekistan.
- Candidate should qualify Sharda University Scholarship and Admission Test (SUSAT).
- Personal Interview (for Uzbekistan Students)/Online interview (for international Students) or (IELTS 5.0 or higher/equivalent test).

OUTCOME

After completing M.Tech. in CSE, the learners will be able to;

- Gain sufficient knowledge and expertise to take up a quality job.
- Contribute to the advancement of a company and the country in the domain of CSE.
- Launch an enterprise and promote value addition.
- Teach in the Bachelor's Program.

Amongst various options, some of the job opportunities the learner can explore after the Master's degree are as follows; Data Architect, Application/Infrastructure Architect, Data Scientist/Analyst, Data Engineer, Business Analyst, Business Intelligence Manager, Machine Learning Engineer, Higher Education and Research, Network Security Specialist, Wireless Network Engineer, Network Architect, System Administrator, Security Administrator, Security Architect, Network Engineer, Higher Education and Research.

FACULTY OF MANAGEMENT

BACHELOR OF BUSINESS ADMINISTRATION (BBA)

- BBA-Human Resource Management
- BBA-Entrepreneurship
- BBA-Marketing
- BBA-International Business
- BBA-Finance

Today's world requires a new business leader who can deliver innovative solutions that enable companies to grow and prosper. Sharda University, Uzbekistan's Faculty of Management, has been established to nurture managers with new-age skills to become industry-ready. The Faculty is led by distinguished faculty members engaged in rigorous academic research on various industry-related subjects. They bring high-level specialist knowledge in varied subjects and a wide understanding of diverse cultures and industry environments to their teaching. The undergraduate programmes at Sharda University are designed for graduate students who wish to extend their education to a specific area of interest. This programme can be earned through independent study, guided projects, and industry internships.

ADMISSION REQUIREMENTS

- Candidate should have completed Grade XI/XII (11/12 years of compulsory education)
- Candidate should qualify Sharda University Scholarship & Admission Test (SUSAT)
- Personal Interview (For Uzbekistan Students)/Online Interview (For International Students) or (IELTS 5.0 or higher/equivalent test)

OUTCOME

After completing BBA, students will be able to;

- Develop insights related to the fundamentals of business management.
- Gain expertise and analyse managerial issues of an organisation/ company.
- Apply their knowledge to solve managerial problems in an organisation/ company.
- Apply the knowledge gained for future career, job or entrepreneurship.

BACHELOR OF SCIENCE IN ECONOMICS & FINANCE (B.Sc.- ECONOMICS & FINANCE)

Discerning leaders are needed now more than ever; leaders who can see the connection between economic expansion and financial stability. The financial health of an individual, a company, a community, or a country can affect the choices made. Those attempting to make prudent financial decisions would do well to get an appreciation of the state of the economy. The Bachelor of Science in Economics and Finance program at Sharda University Uzbekistan focuses on the interplay between the two disciplines. Finance focuses on the finer points of industry risk and return on investment, while economics examines how a country, region, or specific market performs. Both subjects are significant, offer a comprehensive education and open up intriguing new prospects. The Bachelor of Science in Economics and Finance program is designed to give students an education in economics and finance at par with the best in the world. Courses in economics and finance are included in the curriculum to provide students a firm grounding in the fundamentals and a head start on applying them to their professional lives. The curriculum can be completed by self-study, mentored projects, and field internships. Throughout their time at the university, students will have the opportunity to have an academic mentor who will work with them as a team to help them grow as competent professionals.

ADMISSION REQUIREMENTS

- Candidate should have completed Grade XI/XII (11/12 years of compulsory education).
- Candidate should qualify Sharda University Scholarship and Admission Test (SUSAT).
- Personal Interview (for Uzbekistan Students)/Online interview (for international Students) or (IELTS 5.0 or higher/equivalent test).

OUTCOME

After completing B.Sc. in Economics & Finance, the students will;

- Develop insights related to the fundamentals of economics and finance.
- Gain expertise and be able to analyse issues arising in economics and finance.
- They must be able to apply their knowledge to solve theoretical and applied problems in economics and finance.
- Apply the knowledge gained on the subjects for policy implications.

MASTER OF BUSINESS ADMINISTRATION (M.B.A.)

The significance of management education is becoming increasingly important across the globe, and Uzbekistan is no exception. In today's context, any organisation, private or public, small and medium enterprises or large multinationals requires competent managers who can steer the growth of that organisation. As a manager, one should have a complete understanding of an organisation's various functional and managerial aspects so that he/she can analyse the current industry scenario and decide a course of action for future growth, expansion and diversification. Moreover, the prospect of entering a professional career with exposure to academia and industry is the need of the day; particularly for individuals who desire to start their own business or who intend to work in leadership positions in an organisation. The MBA Program curriculum will develop their leadership potential and give them necessary managerial competencies, strategic capabilities, and essential skills. The flagship two-year full-time MBA program at Sharda University, Uzbekistan, is divided into four semesters and offers dual specialisation. Students should choose any two specialisations from the following options.

- International Business
- Marketing
- Finance

- Human Resource Management
- Data Analytics
- Entrepreneurship

ADMISSION REQUIREMENTS

- Bachelor's Degree in Management, Business Administration or any other related disciplines, as well as other equivalent qualifications that are accepted by the Sharda University Uzbekistan.
- Candidate should qualify Sharda University Scholarship and Admission Test (SUSAT).
- Personal Interview (for Uzbekistan Students)/Online interview (for international Students) or (IELTS 5.0 or higher/equivalent test).

OUTCOME

On successful completion of the programme, the learners will be able to;

- Develop a thorough understanding of the functional and managerial aspects of an organization.
- Comprehend management tools to identify, analyze, create enterprise opportunities, and solve industry problems.
- Apply the business acumen gained in practice.
- Communicate and negotiate effectively to achieve organizational and individual goals.
- Upgrade professional and managerial skills in their place of work.
- Take a managerial job in multinational organisations, private sector, government, international organisations, banks, development organisations, etc.
- Start enterprises of their own.

FACULTY OF HUMANITIES

BACHELOR OF ARTS (APPLIED ENGLISH)

This program aims to produce graduates who are highly skilled, versatile, and specialized in English. The courses offered under this programme cover all aspects of the English language that help students improve their language skills, phonetics, grammar, and applied linguistics. Additionally, the course prepares students with all the necessary language skills for the job market. This course teaches the students how to interact effectively, analyze critically, and be creative. The program is designed to enhance students' English Language competencies, which can be applied to a wide range of careers such as teaching, academia, public relations, advertising in corporations and public sector organizations, strategic communication in corporate houses, event management, language expert, translation expert, content developer, print and electronic journalism, scientific and medical journals, commercial magazine publishing houses, content writing, blogging and as IELTS trainers etc.

The program aspires to equip the graduates with;

- Proficiency in the four language skills (listening, speaking, reading, and writing).
- Proficiency in teaching English as a second language.
- An expert in critical translation strategies.
- Provide them with the opportunity to pursue higher education in developed nations.

ADMISSION REQUIREMENTS

- Candidate should have completed Grade XI/XII (11/12 years of compulsory education)
- Personal Interview (for Uzbekistan Students)/Online interview (for international Students) or (IELTS 5.0 or higher/equivalent test)

OUTCOME

After completing BA-AE, the learners will be able to;

- Gain sufficient knowledge of the English language.
- Work in diverse domains like teaching, training, interpretation, language translation, content writing, communication, media, etc.
- Start an enterprise like launching an English language centre, education centre, coaching centre, etc.

UPCOMING PROGRAMMES

- MA (English)
- Ph.D. in Computer Science & Engineering
- Ph.D. in Business Management

STUDENT TESTIMONIALS

I started studying Business Administration at Sharda University Uzbekistan in 2020 and got 100% scholarship. Ever since, I gained Crucial knowledge and experience which could help me to become one of the best influential businesses persons in the future.

OLIMJONOV SHOKHJAKHON OYBEK O'G'LI (BBA 2020-2024)

I am delighted to provide a testimonial for Sharda University Uzbekistan, where I have been fortunate enough to receive a 100% scholarship for my studies. I cannot express enough how grateful I am for this opportunity and how much I appreciate the incredible support and guidance I have received from the university.

MUBINABONU GANIJONOVA (BA- APPLIED ENGLISH: 2021-2025)

I am beyond grateful to have been awarded a 100% scholarship at Sharda University Uzbekistan. This prestigious university has provided me with not only a top-tier education, but also countless opportunities for personal growth and development.

ERKINJONOVA MEKHRIIONU GALIBOVNA (BTECH 2021-2025)

GLIMPSES OF THE FIRST CONVOCATION CEREMONY

ADMISSION PROCESS

Prospective students seeking admission to Sharda University Uzbekistan for courses in the Faculty of Engineering and Technology, Faculty of Management, and Faculty of Humanities should have completed a minimum of 11 years of education and have good English proficiency. All programmes are taught in English by eminent faculty. Sharda University Uzbekistan offers programmes for bright students seeking to pursue higher education in international universities.

1. Sharda University Scholarship and Admission Test (SUSAT)

The duration of the test will be 90 minutes. Candidates will be evaluated on the scale of 75 and the Cutoff marks to pass SUSAT is 20. There are objective type questions.

Syllabus:

- SUSAT for 'Bachelor of Technology (B.Tech)' has questions on Mathematics, Physics, Logic & Reasoning and English.
- SUSAT for 'Bachelor of Business Administration (BBA)' has questions on English, General Knowledge, General Aptitude and Mathematics.
- SUSAT for 'Bachelor of Arts (BA) - Applied English' has questions on Reading, Writing, Listening and Speaking in English language.
- SUSAT for 'Bachelor of B.Sc. - Economics & Finance' has questions on English, General Knowledge, General Aptitude and Mathematics.
- SUSAT for 'Masters of Technology (M.Tech)' has questions on Software Development, Compiler Design, Algorithms, Cyber Security, Data Analysis, Web Design, Software Processes, Database Management and Cloud Computing
- SUSAT for 'Masters of Business Administration (MBA)' has questions on English, General Knowledge, General Aptitude and Mathematics.

2. English Proficiency

The English proficiency of the candidates will be evaluated either through (i) internationally accepted proficiency tests like IELTS, ESOL, TOEFL, PEARSON, CEFR etc. or (ii) Personal Interview. The scores for internationally accepted proficiency tests will be considered as under:-

IELTS	ESOL	TOEFL	PEARSON	CEFR
5.0 - 5.5	5.0 - B1	35 - 59	36 - 42	B1
	5.5 - B2			
6.0 - 6.5	6.0 - B2	60 - 93	50 - 58	B2
	6.5 - C1			
7.0 - 7.5	C1	94 - 109	65 - 73	C1
ABOVE 7.5	C2	110 - 120	79 - 86	C2

The Cutoff scores for the above mentioned proficiency tests are given below:-

Proficiency Test	IELTS	ESOL	TOEFL	PEARSON	CEFR
Cutoff score	5	B1	35	36	B1

Candidates not having any English proficiency test result have to undergo Personal Interview. In the Personal Interview, candidates will be evaluated on a scale of 25.

ADMISSION FLOW CHART

ADMISSION SCORE

On a scale of 100, Admission Score will be arrived by adding 70% of SUSAT score and 30% of English proficiency score. Candidates need to score minimum 20 marks in SUSAT and minimum 5.0 bands in IELTS/15 marks in Personal Interview in order to qualify for admission.

Admission Score = S+E, where

$$S = (\text{SUSAT score} / 75) * 70$$

If a candidate has international English proficiency test result, his/her score will be mapped with IELTS score as indicated below:-

$$E = (\text{Score} / 9) * 30$$

OR

If a candidate has appeared for Personal Interview, the English proficiency score will be calculated as below:-

$$E = (\text{PI score} / 25) * 30$$
